

Tuition Details

The Board's primary goal is to maintain the culture of the school and ensure its long-term viability. We recognize the changes to our tuition and policies are significant. We have built a plan and budget for the next year that depends on each family's commitment to the MCH community. Because of the reduction in student enrollment, the cost of operating the school is focused on a smaller number of families, and each of those families is critical to the school's survival.

Though we have created an operating budget through June 2021, due to the uncertainty surrounding the pandemic, we are only asking families to commit to a 5 month tuition agreement covering August-December. This will provide us with some flexibility to evaluate the school's position heading into the new year.

Tuition

- Toddler: \$1,725/month
- Primary: \$1,425/month

Payments

- 2 months' tuition required to secure enrollment, which will be applied to November and December
- Tuition for August-October will be due on the first of the month
